

## ZAHARI B. SALLEH

Finance Manager,  
Kumpulan Hartanah Selangor Berhad

“15 and 16 November 2016, the dates of MIA Conference 2016 at KLCC, will always be meaningful for me. The Conference provided us with not only the latest information on Malaysia, but also from other countries as well. It was also a platform to meet with old friends. As Malaysia heads toward becoming a high-technology, developed nation, I would like to put forward the slogan our football legends used in sharing their experience on qualifying for the 1980 Moscow Olympics: “Unity Towards Nation Building”. Let us together as Malaysians truly live out these words and not just pay lip service.”

## ROSMAWATI BT. BUJOK

Accounts Officer,  
PERKESO

“At the MIA Conference 2016, we heard how fast the world is changing. Global connectivity, smart machines, new media and evolution of governance models are reshaping stakeholder expectations of professional accountants—who are expected to play a critical and strategic role in bringing stability to business and society. We also learnt from the patriotic spirit of our 1980 football squad, who gave their all—without thought of race or origins—concerned only on winning for Malaysia! Accountants can learn and apply the priceless lessons from these sporting legends. The Conference also provided meaningful sessions, engaging speakers, and a wonderful event.”

Retiree

“Attending the MIA Conference 2016 was an enriching experience for me. I thoroughly enjoyed the two-day Conference and would like to congratulate the Organising Committee for the stellar Conference—well planned and executed. This year's Conference encouraged active participation from the audience and a lot of issues were raised and discussed at the question and answer sessions. I wish you every success on your next MIA Conference.”

## MOHD ZAIDI B. YUNUS

Internal Auditor,  
Perbadanan Kemajuan Negeri Selangor

“The MIA Conference 2016's tagline “Strengthening the Profession for a Sustainable Future” is apt for the Malaysia's challenging business environment today. The Conference take-aways will help the 2,900 delegates survive these times. I enjoyed the programmes “Unity Toward Nation Building” with its charity football auction, and “Managing Stress Through Diet and Nutrition,” which is most helpful as accountants are always stressed over work and many do not know how to manage it well. I look forward to attending future Conferences. Thank you MIA for organising the Conference, and to our President for enlivening the atmosphere with his wit and humour.”

## MUHAMMAD EFFENDI B. AHMAD

Internal Auditor,  
Perbadanan Kemajuan Negeri Selangor

“Thank you MIA, for the opportunity to be a Conference delegate to the MIA Conference 2016, and to be updated with the latest news and developments pertaining to the economic environment today. The Conference gave me a new perspective on the responsibilities of an accountant and auditor. Being a new MIA member, I'm pleased with how progressive the Institute is, and how it seeks to update us with the latest industry news. As an Internal Auditor in a State Government body, I recommend members of the accounting and auditing fraternity to fill up the form and be an MIA member.”
